

Innovation Boosters

Privacy Statement

Collecting and storing data

At Innovation Booster we keep the following data of you:

- Names(s)
- Gender
- Company
- Company information
- Function
- Telephone number
- E-mail address
- Office address
- Information you freely provide us
- Information from cookies

Legal bases and purposes

The following legal bases are applicable for the information we collect and store as mentioned above:

- Contractual agreement
- Legal obligation
- Legitimate interest
- Free, specific, informed and unambiguous consent

The following purposes are applicable for the information we collect and store as mentioned earlier:

- Provision of services and products

- Contacting our offices
- Visiting this website and social media
- Internal operations
- Financial administration

Access to data

The collected and stored data is only accessible for those who need to work with the information. We only pass on the information to other parties if it is really necessary for our services. For example our payment partner and IT service providers.

In suspicious situations, we are required to share customer data with government agencies. Where necessary we have Data Processing Agreements in place. According to relevant laws, Innovation Boosters is obliged in some cases to provide personal data to third parties. We never sell your data to third parties.

Within Innovation Boosters we use the need-to-know and need-to-use principle for access to information.

Storage and protection of data

Your data is stored securely in a cloud environment. Your data is stored within the EU if you are a European citizen. For American citizens, information is stored in the US.

We always apply strict security measures to protect our and your information in our organization. These measure can be organizational or technical. To prove we take the security of information seriously, we are becoming ISO27001 certified for our whole organization.

This includes taking measures on an organizational, technical, human level. When we become ISO27001 certified, you can see the certificate including our Statement of Applicability on our website.

We do not store your information for longer than is legally permitted and necessary for the realization of the purposes for which the data has been processed. How long certain data is kept depends on the type of personal data and the purposes for which they are processed. When the terms have expired, your data will be deleted and destroyed in a secure manner.

Rights of data subject

As a data subject, you have rights with regard to your own personal data. This concerns the following rights:

- Right to information: You have the right to receive information about the manner and why of the data processing. This applies to personal data being collected from yourself and when this is collected via others.
- Right of access and copy: You have the right to request your own personal data that is known to us, for which purpose this data is used and with whom this personal data is shared. You also have the right to receive a copy.

- Right to correction and supplement: You have the right to leave data from additional, if the corrected data is complete.
- Right to erasure: You have the right to delete data from you (data erasure). This request must be granted in the following cases, among others:
 - The personal data are not necessary for the necessity they have been collected
 - The personal data has been unlawfully processed
 - You withdraw your consent (if the processing is based here)
- Right of limitation: Your right to request the processing of your personal data (to stop using the data), if one of the following applies:
 - You dispute the correctness of the personal data; processing is restricted for the period that we need to verify the accuracy of the personal data
 - The processing is unlawful and you oppose the erasure of the personal data and instead request that its use be restricted
 - We no longer need the personal data for the processing purposes, but you need it for the establishment or substantiation of a legal claim
 - You object to the processing and have made in preparation of the answer to the audit trail question outweigh your own.
- Data portability: You have the right to data portability. This means that you have the right to obtain your personal data, which you have submitted to us, in a structured and common digital file. In addition, you have the right to transfer that personal data to another organization, without being hindered by us.
- Right to object: you can ask us to stop using your personal data in the event of:
 - Direct marketing
 - If you object to the processing due to a specific situation.

Complains or questions

For questions or complaints about your data and the protection of your privacy, you can contact the [Privacy officer](#) of Innovation Boosters by:

- Email: info@innovationboosters.com
